Hi Baby,

When you first left for California I was sad. I never expected to see you again. But after 3½ years of endless waiting, you came into my life and changed me. (for the better) ^{HA} _{HA}!
It seems like everythings goin' great. all our problems are behind us and nothing is goin' to get in our way. After monday night I feel free to talk about anything with you. Secrets will cease to exist making it easier for our relationship to grow. On Monday I experienced a different feeling. I love you and will do anything to make you happy. It took me awhile to realize Tom was(is) a special friend. I'm sorry I was kinda rough on you at first but it was only because I wanted you all to myself. Now you're mine all I have to do is keep you in line. (what a task!) May ~~and~~ the future be bright and filled with laughter.

Love,

Alex

Neg Catfish,

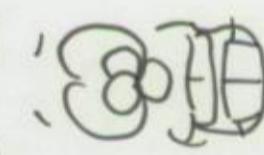

June 15, 1984 * I just wrote that.

"Oh Sheri! We finally made it, huh? Yeah! The class of 1984, the "classiest class" has made it to the threshold of what life is really like! It's really hard to believe! I'm so glad that you & I were able to settle what happened (what happened?) without having to get into a rip roaring fight. You just have to swallow your pride sometimes, and when that involves a friendship like ours, it's worth it. I feel that if there is a definition to the word "neat", you are it, Sheri! Although I've only known you for 1 semester, really, I feel like I've known you for the past 5 years! Thank

you Lord that it's our "behind us!" You're a really open person, always ready to listen, and always ready to be open, and that's a gift. If I could meet more people like you I'd round up a truly great set of friends. You're your own person Sheri, and that's so important, especially now that we're going out into the "big world". I'm certain that you will never lose this quality! French was definitely an "exciting" class, (ugh) as well as American Govt. I don't think I would have made it if it hadn't been for you and our second period crazy's! Tabka is certainly someone to remember, although I'd rather forget. One more French film and I think I'll throw up! I feel like I've already been there! I think I'll just let Tabka be quiet here..!

I go for me, he can tell me all about it when you! O.K. You're going to have to come up to my college sometime and visit. Then you can PARTY with me - college style! I'm truly excited about that! The best off luck in all you do, Sheri! May God bless you with all the happiness and success you can handle."

Love ya,
Laura M. Hartung

college, so give
me yours! O.K.?

Sherri,

It's been really great knowing you this year. I hope that the future holds all of the best for you because you're a super sweet person and deserve it. This year has been really hard on me but I'm glad that I had a friend like you to help me cope. Thanks for it all! Good luck in all you do.

Love you.

Kathy Lee

Sherri,

Well sweetheart, since you're graduating! guess this is so long you've helped me a lot in old Kelly buds class. Although I can't honestly say it was much fun.
maybe I'll see you at Marshalls though sometimes everytime you're with Tom you better think of my little song - *Follow me in the air*. Have a great rest of your life! See ya tonny!

Sherri

You crazy kid! I'm not going to say goodbye because I will still see you at work, The Hell Hale of LA MIRADA "MARSHALLS INC."

I'm just kidding I really actually like working there. I am glad we got to know each other and experience a relationship connected with metaphors and similes. Without concrete details in my life I don't know what I would do. Just think would life would be without Walter. OH MY GOD! Seriously though you are a really good poet. Get a degree in poetry and be poor all your life. (Just kidding) I know you don't like Mr. Party Hardy, Hardy but I think he's cute! → I don't know why graduation should be great. I put an exclamation mark here? And I'll probably see you at Grad Night so "I think I'll write a smiley" "And compare school to a tree"

Dear Shore,
It's here! Finally, huk! I am happy that I'm graduating but very depressed because I'll miss all the newer friends I met. But, thanks to the Lord I met them. You're very intelligent and a beautiful person and I know that you'll be very successful in what ever you do after graduation.
Good luck with J.-on A---. I hope you make the right decision. Remember the most important person in our life, which is Jesus Christ b. Please keep in touch with because college life can be lonely.

Dear John & James
It has been
great getting to know you this year. Thanks
for trying to talk to me (when I hope things
don't know people & our spirit). Hope things
go well with Tom and I hope you don't get bored. Whatever you do
I hope and I trust you start off College life
